SIR,—The undersigned begs to state that the appropriation for the expenses of the Mining Recorders' Offices for the year 1907 has proven insufficient. Accounts are unprovided for amounting to about $7,600.

DEAR SIR,—I beg to advise you that the appropriation of $8,000.00 to cover the expenses of operating the government diamond drills for the present year is insufficient for such purpose, and a further sum will be required to defray the necessary expenditures between now and the close of the year.

Formerly the payments made by parties getting the use of these drills were deducted from the expenditures leaving only the Government's share of the same (35 per cent.) to be charged against the vote. Such payments made so far during the present year amount to $4,275.45, which until the change in the system of keeping the accounts was made, would have been credited to the vote for diamond drills. Now, however, the gross expenses are debited to the appropriation, and the repayments go direct to the Consolidated Revenue.

It is impossible at this time to say precisely how much more will be required, but as both drills are now engaged, $5,000 at least should be appropriated. I therefore respectfully recommend that the sum of $5,000.00 be placed to the credit of the Honourable the Treasurer for the above service.

Yours truly,

F. COCHRANE.

SIR,—I have the honour to report that the balances of the appropriations for the following services are insufficient to meet the expenditure. The outlay in connection with the maintenance of Locks, Dams, Bridges, etc., was heavier than usual owing to several washouts by Spring freshets and additional necessary repairs to Port Sanfield Canal and Port Carling and Magnetawan Locks.

Upon the urgent representation of the people of Kearney it was afterward considered necessary to provide a foot walk on the outside of the new Kearney Bridge to make it safer for children who are obliged to cross the bridge to reach school.

The following amounts will be required to pay the outstanding accounts.

Kearney Bridge	$817 97
Maintenance, Locks, Dams, etc.	682 03

I would therefore respectfully recommend that authority be given under section 20, Cap. 23, R.S.O. 1897, for the issue of a warrant in favour of the Honourable the Provincial Treasurer for the above amounts to meet the unsettled accounts.

Parliament Buildings,
Toronto.

DEAR SIR,—I have the honour to report to you that the sum appropriated at the last Session of the Legislature for repairs and maintenance to Parliament Buildings, maintenance of Grounds, Contingencies, Civil Government, and incidentals

Osgoode Hall, are exhausted, and the following additional amounts will be required to meet payment of accounts.

Repairs and Cleaning, Parliament Buildings	$1,839 05
Maintenance of Grounds	58 60
Civil Government	1,240 64
Incidentals, Osgoode Hall	98 74

For the repairs and cleaning of Parliament Buildings the over-expenditure was occasioned by the necessary employment of two additional messengers and two additional plumbers for about eight months of the year. For maintenance of grounds at Parliament Buildings and incidentals, Osgoode Hall, the over-expenditure was occasioned by the necessary continuance of the workmen for a longer season than usual. The over expenditure in connection with the contingencies of the Department was caused by the necessary employment of an additional draughtsman in the Architect's office and additional travelling expenses created by the larger amount of work undertaken during the season, and the fact that some of the paper for the Department's reports was not included in the estimates.

I have therefore to recommend that authority be given under R.S.O. Cap. 23, sec. 20, for the issue of a warrant in favour of the Honourable the Treasurer for the said amount to cover the above services.

SIR,—At the last Session of the Legislature an appropriation of $6,650.00 was made to carry out alterations to the Normal School, Ottawa. When the work to be carried out was finally planned, it was found to be more extensive that at first contemplated. The tender of Hugh Gillmor for $8,648 being the lowest was accepted. Additional work, outside of the contract was found necessary, making the total outlay $9,390.98.

As the appropriation for this work was only $6,650.00 a further sum of $2,740.98 will be required to pay the balance of contract and accounts. I beg therefore to recommend that authority be given under R.S.O. 1897, Chapter 23, section 20, for the issue of a warrant in favour of the Honourable the Treasurer for the said amount, to meet payment.

SIR,—F. Dupuis of Callender was appointed to oversee the expenditure of a $250 grant on a road between lots No. 19 and 20 through the 7th and 8th Concessions of Ferris.

On the 19th of June a requisition on the Treasury was made for $200 of this amount, and in error the Post Office address upon the requisition was given as Verner instead of Callender. The cheque was taken from the post office endorsed by F. Dupuis of Dunnett, and money received by him, for whom it was not intended. The matter has been referred to the Attorney-General's Department.

In the meantime, the work on the road having been completed, I would respectfully recommend that the sum of two hundred be placed to the credit of the said appropriation under R.S.O. 1897, Cap. 23, sec. 20, to replace the said amount in order that the accounts in connection with said work may be paid.

It appears that a cheque for the above amount and for the above purpose was issued in favour of F. Dupuis of Callender, who was appointed to oversee the

expenditure of the grant. The cheque, however, was by mistake addressed to Mr. Dupuis at Verner in lieu of Callender, and was taken from the post office by one F. Dupuis of Dunnett, who endorsed the same and received the proceeds thereof. The road has been completed and it is expedient that the accounts should be paid without delay pending the recovery of the money from the said Dupuis for whom it was not intended.

JAMES CLANCY, ESQ.,

SIR,—I beg to report that the cost of the bridge over La Blanche River, owing to an accident during erection and to the mining activity in the District having increased the cost of

materials and labour, has exceeded the estimated cost, and the balance of the appropriation is inadequate to pay the outstanding pay lists and accounts.

The total cost of the bridge is $5,815.47, and the balance of unpaid accounts not provided for, $815.47.

I therefore beg leave to recommend that authority be given under R.S.O., section 20, Cap. 23, for payment of above sum of Eight hundred and fifteen dollars and forty-seven cents.

I have the honour to be,
Sir,
Your obedient servant,

SIR,—I have the honour to inform you that the sum appropriated at the last session of the Legislature for maintenance of some of the Public Institutions of the Province has been found to be insufficient, also the estimate for the office expenses of the Prisons and Asylums Branch of this Department.

The sum appropriated for the maintenance of the Asylums for the Insane at Brockville, Hamilton, Kingston, London, Mimico, Penetanguishene, and Toronto, and the Asylum for Idiots at Orillia under the headings of supplies furnished for medicines, groceries, meat, heat, and light, clothing, laundry. repairs, office, farm and garden, and miscellaneous, is insufficient by the sum of $58,103, owing to the increased cost of supplies purchased for the Institutions. The following list shows the amount involved in respect of each Institution:

Asylum for the Insane, Toronto	$9,299
" " " Hamilton	18,532
" " " Kingston	7,790
" " " London	5,001
" " " Penetanguishene	7,120
" " " Mimico	3,766
" " " Brockville	2,557
Asylum for Idiots, Orillia	4,038
	$58,103

The sum appropriated for expenses in the Prisons and Asylums Branch of the Department is insufficient by the sum of $3,225. At the time of preparing the estimates for this year it was expected that several permanent additions would be made to the staff, and salaries were appropriated for them. Such permanent appointments have not, however, been made, and as under your ruling these sums may not be used for temporary help, the sum of $3,948 still remains unexpended under this heading.

The items necessary to cover are as follows:

Salaries for temporary employees	$1,000
Printing, postage, stationery and contingencies	700
Special investigations	400
Deportations	400
Present overdraft	725
	$3,225

I therefore beg leave to recommend that authority be given under R.S.O. 1897, Cap. 23, sec. 20, for the payment of the said amount of $58,103 and the said amount of $3,225, making in all $61,328.

TORONTO, December 5th, 1907.

SIR,—I have the honour to inform you that the sum appropriated at the last Session of the Legislature for Contingencies of this Department is insufficient by the sum of $3,550.

This insufficiency has been brought about by the increased work in this Department. An increase in revenue of upwards of $100,000 for the first ten months of the year has entailed extra expenditure on account of temporary help, postage, printing, stationery, etc.

One item which has involved an expenditure of nearly $1,400 is a purchase of paper for charters. Heretofore the paper for these forms, which is the most expensive machine made paper, was procured in small lots at a very high price. It was thought advisable to have a special paper made for the purpose and bearing a special Government water mark, and a large quantity, sufficient for several years, was obtained.

The passing of the New Companies Act entailed a change of many forms, and a large number of copies of the Act were issued to the members of the legal profession and persons interested in Company affairs.

The expenditure incurred in the administration of the Act respecting automobile traffic has considerably exceeded the estimate. This was no doubt caused by the revenue from that source being increased by about fifty per cent.

I therefore beg leave to recommend that authority be given under R.S.O. 1897, Cap. 23, sec. 20, for the payment of the said amount of $3,550.

In this connection I may say that the work of law enforcement has been vigorously prosecuted, thereby incurring a large additional expenditure, and in addition to the confiscation and destruction of large quantities of liquor, heavy fines have been imposed as the result of the prosecutions initiated by the special officers, the aggregate amount of which for the Province since the first day of January last exceeds $10,000

DEAR SIR,—The appropriation of $11,000 for meeting the cost of Expert Judges at Agricultural Societies is exhausted, and there are on hand accounts amounting approximately to

$1,800 in connection with services and travelling expenses for 1907. It is desirable and in the interests of this work that these accounts should be paid now and not carried forward to the year 1908. The amount appropriated by the Legislature for this service has not been sufficient for the following reasons.

There were some accounts unpaid in 1906 because of being incomplete at the time of closing the accounts for 1906, that have been paid out of the appropriation for 1907.

For the first time Judges were provided for Spring Shows and there was an increased demand for Judges for Fall Shows, somewhat beyond our expectation (152 in 1907 as compared with 127 in 1906).

Rebates from the railways amounting to $800 now due which should be credited to this account have not been received and are not likely to be received in time to be credited to this appropriation.

Further I might state that the 1907 revenue for this service due to increased Judging will exceed the 1906 revenue by approximately $800.

I have the Honour to request therefore, that in accordance with the provisions of R.S.O. 1897, Cap. 23, sec. 20, a special warrant for the sum of Eighteen hundred dollars ($1,800) be issued in favour of the Honourable the Treasurer to pay accounts in connection with expert Judges.

DEAR SIR,—There are on hand in connection with the Eastern Dairy School accounts aggregating $855.88. The amount still standing to the credit of this work is $734.45. The over-expenditure in this work has resulted mainly through an extension of the work in Chemistry. Hitherto $200 has been paid to the School of Mining for a course of Lectures in Dairy Chemistry. This year the Minister approved of an extension of this work whereby important investigations in Dairy Chemistry have been carried on, and to meet the expenditure of the same an additional $400 was promised to the Chemical Department of the School of Mining.

It is in the interest of the work that all these accounts be now paid and I beg to recommend that in accordance with the provisions of R.S.O. 1897, Cap. 23, sec. 20, a warrant be issued in favour of the Provincial Treasurer for the further sum of One hundred and twenty-one dollars and forty-three cents ($121.43) in connection with the Eastern Dairy School.

DEAR SIR,—The appropriation of $2,000 for Contingencies in connection with Agricultural Societies is exhausted, and there is now an overdraft of $23.07. In addition we have accounts aggregating $148.11 now in hand or waiting payment, and there will be other accounts presented before the end of the year, which in the interest of this service, should be paid.

The work of this Branch unexpectedly increased to such an extent during the year that, for an efficient service it was found necessary to employ an extra clerk who has been engaged in the revision of reports and apportioning of grants, and whose services will be required up to the end of the year. The services of this Clerk to the end of the current year will amount to $357.

I beg to recommend that under the provisions of section 20, Cap. 23, R.S.O. 1897, a further sum of Three hundred and fifty seven dollars ($357) be placed to the credit of the Honourable the Treasurer of Ontario to meet accounts in connection with Contingencies of Agricultural Societies (Vote No. 42).

DEAR SIR,—There is to the credit of Contingencies in connection with civil government, Department of Agriculture, an amount approximating $70.00. We have now in hand accounts for stationery supplied by the King's Printer chargeable against this appropriation amounting to $185.45. It is desirable that subscriptions to foreign publications for the year 1908 be now paid; these subscriptions are payable in advance and it is difficult to have them carried along until the appropriations for 1908 have received approval. There foreign subscriptions aggregate $60.00. The travelling expenses charged against this vote have greatly exceeded our calculations. Thus, the expenses of Mr. P. W. Hodgetts amounting this year to $214.16 for travelling expenses in connection with fruit work have been charged to Contingencies owing to his salary being transferred to Civil Government. As this was formerly charged to Agriculture we did not make allowance for same under Civil Government. The increased work of the Department has made a large increase in the accounts for printing, stationery and postage.

To meet the accounts now in hand, and accounts yet to be received during the current month, an additional appropriation of $500 will be required. I have therefore the honour to recommend that in accordance with the provisions of section 20, Cap. 23, R.S.O. 1897, a further sum of Five hundred dollars ($500) be placed to the credit of the Honourable the Treasurer of Ontario to meet expenditures in connection with Civil Government Contingencies of the Department.

DEAR SIR,—The work of inspection of apiaries was this year re-arranged and instead of having only one Inspector in the field, the Province was divided into six districts with an Inspector appointed for each; the amount of work to be done has greatly exceeded our anticipation. The amount of such work requisite can never be definitely determined beforehand. We have found that the appropriation of ($1,200) voted by the Legislature has been inadequate. Accounts chargeable to this appropriation to the amount of $1,859.90 have already been paid by the Treasury Department. In addition accounts amounting to $333.85 are on hand, and it is in the interest of the work that these should now be paid. In order to meet the overdraft, pay the accounts now on hand, and to meet expenses now being incurred, an additional amount of $1,100 will be required. I therefore respectfully recommend that, under the Act R.S.O. 1897, Cap. 23, sec. 20, a further appropriation of Eleven hundred dollars ($1,100) be made to meet the requirements of this service.

NELSON MONTEITH,
Minister of Agriculture.

JAMES CLANCY, ESQ.,

The undersigned begs to report that the appropriation of Ten thousand dollars ($10,000) provided for the purchase of Milk and Cream for the Dairy Department at the Ontario Agricultural College is insufficient owing to the fact that the supply offering under the contracts made is greater than was anticipated, and that an additional sum of Five thousand dollars ($5,000) will be required to meet the accounts for the balance of the season.

The undersigned therefore begs to recommend that pursuant to the provisions of section 20, Cap. 23, R.S.O. 1897, the further sum of Five thousand dollars ($5,000) be placed to the credit of the Honourable the Treasurer,, to cover payments for milk and cream.

SIR,—The undersigned begs to report that the appropriation for contingencies for the Department of Agriculture has been exhausted and therefore requests that pursuant to section 20, Cap. 23, R.S.O. 1897, you will recommend that a Treasury Board Warrant be issued for the sum of Five hundred dollars ($500) and placed to the credit of the Honourable the Treasurer to meet requirements for the balance of the current year. This over-expenditure was due in part to the payment of King's Printer's accounts for 1906, not sent in during the year 1906, also to the purchase of a typewriter not provided for and the charging up of miscellaneous accounts not reckoned upon.

TORONTO, October 4th, 1907.

DEAR SIR,—I have the honour to inform you that the appropriation of $1,500 voted by the Legislature for the "Contingencies" of this Department, together with the additional Treasury Board warrant of $500 are insufficient to meet requirements. The amount has already been expended with the exception of $7.80. The work of this Branch has exceeded expectations. There have been more than ordinary demands for printing, stationery and postage. In addition, I understand that some accounts incurred last year for stationery and printing were received too late to charge up to the appropriation of 1906 and consequently have been charged against the appropriation of this year.

We shall require an additional amount to carry on the work of the office, I beg therefore to recommend that under R.S.O. 1897, Chapter 23, section 20, authority be given for a further appropriation of $500 to meet such contingency expenses as may arise for the remaining three months of the year.

Respectfully yours,
C. C. JAMES,
Deputy Minister.

TREASURY BOARD OVER-RULING.

AUDIT OFFICE, July 4th, 1907.

DEAR SIR,—Application has been made under provisions of an Order-in-Council of June 28th, 1907, for payment of $500 to Mr. A. M. Dymond, Law Clerk, and $300 to Mr. W. B. Wilkinson, Assistant Law Clerk, in addition to the amounts received by them ("on account as alleged") for special services in connection with the revision and consolidation of the Statutes.

I have to say that no payment has been made to Mr. Dymond or Mr. Wilkinson on account of special services as stated in the Order-in-Council referred to since the 18th of May, 1906, and then only pending the decision of the Hon. the Attorney-General as to what should be finally allowed them for such services. It would appear from an Order-in-Council of June 30th, 1906, that the Attorney-General had in the meantime reached a decision in the matter, and $600 was allowed Mr. Dymond and $450 allowed Mr. Wilkinson as payment for special services rendered in connection with the revision and consolidation of the Statutes for the six months from December 15th, 1905, to June 15th, 1906. Following this, under Order-in-Council of August 13th, 1906, Mr. Dymond was allowed $100 per month and Mr. Wilkinson, $60 per month, respectively for special services performed and to be performed by them in connection with the consolidation of the Statutes of the Province from and after the 15th of June, 1906, and during the time they are occupied in such consolidation, or until further ordered. I take the words "until further ordered" to mean and include that the Attorney-General has reserved the right as part of the contract to dispense with the special services of either or both Mr. Dymond and Mr. Wilkinson or to increase or decrease if he saw fit from time to time the remuneration fixed by Order-in-Council of the 13th of August, 1906. But the increase or decrease in the remuneration if any to apply to service rendered and performed from or after the remuneration had been so ordered and fixed.

In view of the foregoing and of the fact that Mr. Dymond and Mr. Wilkinson have entered into and acquiesced in a binding contract for their services, I am unable to conclude that there is any additional sum due them for services rendered or performed during the period covered by that contract.

Yours truly,

J. CLANCY,
Auditor.

J. R. CARTWRIGHT, ESQ., K.C.,
Deputy Attorney-General.

TORONTO, 6th July, 1907.

DEAR SIR,—With reference to the Order-in-Council of the 28th of June, regarding special remuneration to Mr. Dymond and Mr. Wilkinson, I have to say that I am unable to agree in the view which you take. It appears to me that it is quite within the competence of the Lieutenant-Governor in Council, having regard to the provisions of section 21, of the Public Service Act as amended by section 8 of the Statute Law Amendment Act, 1906, to provide as has been done in the above mentioned order. In my opinion there is nothing in the order itself or in the statute which prevents the Lieutenant-Governor in-Council from adding to the remuneration which was given under the Order of August, 1906. It may be well to point out that the provisions of the Public Service Act above referred to, apply to work performed in the Department to which the officer or Clerk belongs and in this instance the work is altogether outside of any departmental duties. If you adhere to the opinion you have expressed in your letter to me then I have to ask that the matter be submitted to the Treasury Board with as little delay as possible.

Yours truly,
J. R. CARTWRIGHT.

J. CLANCY, ESQ.,
Provincial Auditor.

AUDIT OFFICE,
TORONTO, July 9th, 1907.

DEAR SIR,—Supplementary to my letter of the 4th inst., and having reference to Mr. Cartwright's letter of the 6th inst., in which it would appear that he has given a legal opinion for the guidance of the Treasury Board rather than having stated any of the facts in connection with the special services, if any, performed by Mr. Dymond and Mr. Wilkinson, in addition to those provided for under Order-in-Council of the 13th of August, 1906, I have to say that whether the opinion is given as Deputy Attorney-General or otherwise is not clear. If as Deputy Attorney-General, I respectfully submit that no question has been referred to him as such, nor does the present come within the class of cases contemplated under subsection 1 of section 9 of the Audit Act.

The facts of the case are as follows: Mr. Dymond receives salaries of $800, and $1,500, as Law Secretary and Law Clerk respectively, and Mr. Wilkinson receives a salary of $1,500 as

Assistant Law Clerk. In addition to this under Order-in-Council of the 13th of August, 1906, Mr. Dymond receives $100 per month and Mr. Wilkinson $60 per month as Law Clerk and Assistant Law Clerk respectively for special services in connection with the Consolidation of the Statutes of the Province. Such special services to be performed in addition to their ordinary duties as Law Clerk and Assistant Law Clerk respectively and outside the regular office hours and duties.

The Order-in-Council is as follows:

"Copy of an Order-in-Council approved by His Honour "the Administrator of the Government of the Province of "Ontario the 13th day of August, A.D. 1906.

"Upon the recommendation of the Honourable the "Attorney-General, the Committee of Council advise that from "and after the 15th day of June, 1906, until further order, and "during the time occupied in connection with the consolidation "of the Statutes of the Province, Allan Malcolm Dymond, Esq., "K.C., be paid One hundred dollars ($100) per month, and "William Bruce Wilkinson, Esquire, Barrister-at-Law, be paid "Sixty dollars ($60) per month for special services rendered "and performed and to be rendered and performed by them in "connection with the consolidation of the Statutes in addition "to the ordinary office duties as Law Clerk and Assistant Law "Clerk respectively, and outside the regular office hours, and "that the same be charged to the appropriation for the con-"solidation of the Statutes.

"Certified,
"J. LONSDALE CAPREOL,
"Clerk, Executive Council."

It will be seen by the terms of the Order that it is perfectly clear that the special services contemplated as well as the price to be paid therefor, beginning the 15th day of June, 1906, were to continue and remain in full force and in full satisfaction until otherwise ordered. And in consonance with the terms of the Order Mr. Dymond and Mr. Wilkinson received and accepted payment from month to month and for twelve months without murmur or protest so far as it would appear anyone had knowledge.

In addition to this and under Order-in-Council of the 28th of June, 1907, Mr. Dymond claims $500 and Mr. Wilkinson $300 respectively in addition to the amounts received by them (on account as alleged) of special services rendered in connection with the revision and consolidation of the Statutes.

It will be seen that the Order does not state what special

services or the time when such services, if any, were performed, as provided in the Order of the 13th of August, 1906, nor does it state whether the amounts claimed are in full or on account of such services rendered since the 15th of June, 1906.

Objection is taken to payment under subsection 4 of section 9 of the Audit Act, on the ground that nothing is due Mr. Dymond or Mr. Wilkinson, and that payment is in excess of the authority of Council to grant.

(*a*) It would appear that Mr. Dymond and Mr. Wilkinson have been paid in full for all services rendered, special or otherwise.

(*b*) No evidence has been offered to show that any services for which payment is claimed have been performed.

(*c*) No services have been performed by them at the request of the Lieutenant-Governor in Council under the provisions of sections 21 or 24 of the Public Service Act as amended by section 8 of the Statute Law Amendment Act, 1906, in addition to those provided for under Order-in-Council of the 13th of August, 1906.

I therefore beg leave to respectfully submit that it is immaterial whether extra or special services have been performed under section 21 or section 24 of the Public Service Act, notwithstanding Mr. Cartwright's opinion to the contrary.

That no power is conferred upon Council under the Public Service Act as amended by section 8 of the Statute Law Amendment Act, 1906, to approve of payment for services rendered or performed prior to the passage of the Order, as has been done in the present case. That on the contrary the power conferred is limited to services requested or directed to be performed, as the initial authority and the express condition upon which payment may be made for such services.

That if the special services for which Mr. Dymond and Mr. Wilkinson claim payment have been performed, no order has been made requesting the performance of such services and there is therefore no authority for payment.

I beg to hand you Treasury voucher No. 3,614, together with the accompanying correspondence, for information of the Treasury Board.

Yours truly,

JAMES CLANCY,
Auditor.

To the Secretary of the Treasury Board.

Copy of a Minute of the Treasury Board, dated the 11th day of July, A.D. 1907.

The Treasury Board report that an Order-in-Council was made on 28th June, 1907, directing that under the provisions of section 21 of the Ontario Public Service Act as amended by section 8 of the Statute Law Amendment Act, 1906, a warrant for the sum of $500 be issued in favour of A. M. Dymond, Esq., K.C., Secretary of the Statute Revision Commission, and a warrant for the sum of $300 in favour of W. B. Wilkinson, in addition to the amounts received by them on account of special services rendered in connection with the revision and consolidation of the Statutes, such services having been performed outside of their ordinary duties as Law Clerk and Assistant Law Clerk to the Legislative Assembly respectively.

The Provincial Auditor reports he is of opinion that such payments are contrary to the provisions of the above mentioned Act and that the Order-in-Council of 13th August, 1906, authorizing certain payments to Mr. Dymond and Mr. Wilkinson, constituted a contract, and that it is improper that additional payments should be made while said Order-in-Council remains in force. It appears to the Treasury Board that it is quite within the competence of the Lieutenant-Governor in Council, having regard to the provisions of the Public Service Act, to provide as has been done in the said Order-in-Council of 28th June. In the opinion of the Board there is nothing in that Order-in-Council, or the Public Service Act, which prevents the Lieutenant-Governor in Council from adding to the remuneration which was given under the Order of 13th August, 1906. Under the circumstances the Treasury Board direct that cheques for the said amounts be issued in favour of Mr. Dymond and Mr. Wilkinson forthwith.

The Committee of Council have had under consideration the report of the Honourable the Minister of Public Works, dated 30th May, 1907, wherein he states that the sum of Four thousand five hundred and eighty-five dollars and sixty cents ($4,585.60) was expended in the month of May, 1906, through the Temiskaming and Northern Ontario Railway Commission for the expenses of members of the Legislature from Toronto to the northern end of the track then laid on the Temiskaming and Northern Ontario Railway, with the object of enabling the Members to personally examine the railway and the country through which it passed, for which there was no appropriation, and that said expenses are not properly chargeable to the Railway, but were a matter of Provincial expenditure. The Minister recommends that under the provisions of subsection 2 of section 9, Cap. 23, R.S.O. 1897, a Special Warrant for the said sum of Four thousand five hundred and eighty-five dollars and sixty cents ($4,585.60) be issued in favour of the Treasurer of the said Commission to reimburse it for the above mentioned expenses.

The Committee of Council have had under consideration the report of the Honourable the Minister of Lands, Forests and Mines, dated 7th June, 1907, wherein he states that under the authority of 7 Edward VII., Cap. 22, the control of what is known as Burlington Beach was handed over to Commissioners, who were to collect all rents and other revenues and make all disbursements in improving highways, beautifying grounds, etc. Previous to the passage of the said Act, on the 3rd day of January, 1907, His Majesty, represented by the Minister of Lands, Forests and Mines, granted to the Toronto and Niagara Power Company in perpetuity a strip of land sixty feet in width along the said Burlington Beach for the purposes of the said company, subject to annual payment of $500, the said payment to be made on the 1st day of January in each year. The first payment, due on the 1st day of January, 1907, however, was received in the Department of Lands, Forests and Mines on the 13th day of August, 1906, being paid in advance, and was entered as receipts from the Department of Lands, Forests and Mines. As the said payment was for rent for the year 1907, the Minister is of opinion that such payment should properly be paid to the Commissioners for the Burlington Beach for their use as said Commissioners, and as

no appropriation was made in the estimates for the current year to cover such payment, and the necessity for the expenditure is urgent, the Minister recommends that in order to meet the sum a Special Warrant for the sum of Five hundred dollars ($500) be issued in favour of the Commissioners under the authority of subsection 2 of section 9, Cap. 23, R.S.O. 1897.
